Notwithstanding the above, Principal/Patient and EFM shall have the absolute and unconditional right to terminate the Agreement, without the showing of any cause for termination, upon giving 30 days prior written notice to the other party. Unless previously terminated as set forth above, at the expiration of the initial month's term (and each succeeding monthly term), the Agreement will automatically renew for successive monthly terms upon the payment of the monthly fee.
- 10. Refunds or Reimbursement.** EFM does not refund Monthly Enrollment Fees. If termination is requested by either Principal, Patient, or EFM, it will become effective 30 days after notice of termination. Any Monthly Enrollment fee usually billed in those 30 days will be applied without refund.
- 11. Cancelled Appointments.** There is no charge if a Patient cancels his or her scheduled appointment or otherwise fails to attend the scheduled appointment. Three unexplained no-shows or cancellations in the span of one year will result in termination of Enrollment.
- 12. Communications.** Principal and Patient acknowledge that electronic correspondence including email, instant messaging of any kind, video chat or telephone communications may not be secured and such information may be accessible by others. They are not guaranteed to be secure or confidential methods of communication. As such, the Patient expressly waives the Physician's obligation to guarantee confidentiality with respect to correspondence using such means of communication. In the event of a server data breach neither the EFM nor the Physician are responsible for any negative consequences that result. For exchange of sensitive private, protected health information, Patients are advised to speak in person with their physician or utilize the secured, patient portal.

By providing an email address, Patient authorizes the EFM, and its Physicians to communicate with Patient by email regarding their "protected health information" (PHI) (as that term is defined in the Health Insurance Portability and Accountability Act (HIPAA) of 1996 and its implementing regulations) By inserting an email address in Exhibit A, Patient acknowledges that:

- A. Email is not a secure medium for sending or receiving PHI and, there is always a possibility that a third party may gain access;

In the event of an emergency, or a situation in which the Patient could reasonably expect to develop into an emergency, Patient shall call 911 or the nearest emergency room, and follow the directions of emergency personnel.

If Patient does not receive a response to an email message in one business day, Patient agrees to use another means of communication to contact the Physician. Neither EFM, nor the Physician will be liable to Patient for any loss, cost, injury, or expense caused by, or resulting from, a delay in responding to Patient as a result of technical failures, including, but not limited to,

(i) technical failures attributable to any internet service provider, (ii) power outages, failure of any electronic messaging software, or failure to properly address email messages, (iii) failure of the EFM's computers or computer network, or faulty telephone or cable data transmission, (iv) any interception of email communications by a third party; or (v) Patient's failure to comply with the guidelines regarding use of email communications set forth in this paragraph.

- 14. Medical Records.** Patient shall pay for the cost of all copies of his or her medical records requested by them. Copying cost is \$0.50 per page.
- 15. Change of Law.** If there is a change of any law, regulation or rule, federal, state or local, which affects the Agreement including these Terms & Conditions, which are incorporated by reference in the Agreement, or the activities of either party under the Agreement, or any change in the judicial or administrative interpretation of any such by federal, state, or local law or regulation ("Applicable Law"), and

either party reasonably believes in good faith that the change will have a substantial adverse effect on that party's rights, obligations or operations associated with the Agreement, then that party may, upon written notice, require the other party to enter into good faith negotiations to renegotiate the terms of the Agreement including these Terms & Conditions. If the parties are unable to reach an agreement concerning the modification of the Agreement within 45 days after the effective date of change, then either party may immediately terminate the Agreement by written notice to the other party.

16. **Severability.** If for any reason any provision of this Agreement shall be deemed, by a court of competent jurisdiction, to be legally invalid or unenforceable in any jurisdiction to which it applies, the validity of the remainder of the Agreement shall not be affected, and that provision shall be deemed modified to the minimum extent necessary to make that provision consistent with applicable law and in its modified form, and that provision shall then be enforceable.
17. **Amendment.** No amendment of this Agreement shall be binding on a party unless it is made in writing and signed by all the parties. Notwithstanding the foregoing, EFM may unilaterally amend this Agreement to the extent required by federal, state, or local law or regulation ("Applicable Law") by sending Principal and Patient 30 days advance written notice of any such change. Any such changes are incorporated by reference into this Agreement without the need for signature by the parties and are effective as of the date established by EFM, except that Patient shall initial any such change at EFM' request. Moreover, if Applicable Law requires this Agreement to contain provisions that are not expressly set forth in this Agreement, then, to the extent necessary, such provisions shall be incorporated by reference into this Agreement and shall be deemed a part of this Agreement as though they had been expressly set forth in this Agreement.
18. **Assignment.** This Agreement, and any rights Principal or Patient have under it, may not be assigned or transferred by Principal or Patient.
19. **Relationship of Parties.** Patient and the Physician intend and agree that the Physician, in performing his/her duties under this Agreement, is an independent contractor, as defined by the guidelines promulgated by the United States Internal Revenue Service and/or the United States Department of Labor, and the Physician shall have exclusive control of his work and the manner in which it is performed.
20. **Legal Significance.** Patient acknowledges that this Agreement is a legal document and creates certain rights and responsibilities. Patient also acknowledges having had a reasonable time to seek legal advice regarding the Agreement and has either chosen not to do so or has done so and is satisfied with the terms and conditions of the Agreement.
21. **Notices.** All notices and information relating to this Agreement and Plan shall be provided in writing and delivered to the mailing address of the Principal/Patients indicated on Appendix 1 of this Agreement or, if to EFM, delivered to the address provided: Empower Family Medicine LLC, 209A Swanton Way, Suite 101, Decatur, GA 30030. The majority of calls will be returned within 60 minutes, unless the Physician is with a patient. After a telephone consultation with the Patient, the Physician will determine, within his/her sole discretion, whether the illness or medical condition requires same-day physician care. If same-day physician care is warranted, arrangements will be discussed with the Patient to determine whether an office visit, phone contact, Urgent Care or Emergency Room referral is most appropriate. If same-day care is not warranted in the Physician's judgment or is unavailable, the Patient shall be scheduled for an appointment as soon as possible.

MEDICARE OPT OUT AGREEMENT

This agreement ("Agreement") is entered into by and between Empower Family Medicine, LLC, a Georgia professional corporation, owned and operated by Dr. Melissa Black, MD, (the "Physician"), whose principal medical office is located at 209A Swanton Way Suite 101 Decatur, GA 30030, and _____, a beneficiary enrolled in Medicare Part B ("Beneficiary"), who resides at _____.

Introduction

The Balanced Budget Act of 1997 allows physicians to "opt out" of Medicare and enter into private contracts with patients who are Medicare beneficiaries. In order to opt out, physicians are required to file an affidavit with each Medicare carrier that has jurisdiction over claims that they have filed (or that would have jurisdiction over claims had the physicians not opted out of Medicare). In essence, the physician must agree not to submit any Medicare claims nor receive any payment from Medicare for items or services provided to any Medicare beneficiary for two years.

This Agreement between Beneficiary and Physician is intended to be the contract physicians are required to have with Medicare beneficiaries when physicians opt-out of Medicare. This Agreement is limited to the financial agreement between Physician and Beneficiary and is not intended to obligate either party to a specific course or duration of treatment.

Physician Responsibilities (1) Physician agrees to provide Beneficiary such treatment as may be mutually agreed upon and at mutually agreed upon fees. (2) Physician agrees not to submit any claims under the Medicare program for any items or services, even if such items or services are otherwise covered by Medicare. (3) Physician agrees not to execute this contract at a time when Beneficiary is facing an emergency or urgent healthcare situation. (4) Physician agrees to provide Beneficiary with a signed copy of this document before items or services are furnished to Beneficiary under its terms. Physician also agrees to retain a copy of this document for the duration of the opt-out period. (5) Physician agrees to submit copies of this contract to the Centers for Medicare and Medicaid Services (CMS) upon the request of CMS.

Beneficiary Responsibilities

(1) Beneficiary agrees to pay for all items or services furnished by Physician and understands that no reimbursement will be provided under the Medicare program for such items or services. (2) Beneficiary understands that no limits under the Medicare program apply to amounts that may be charged by Physician for such items or services. (3) Beneficiary agrees not to submit a claim to Medicare and not to ask Physician to submit a claim to Medicare. (4) Beneficiary understands that Medicare payment will not be made for any items or services furnished by Physician that otherwise would have been covered by Medicare if there were no private contract and a proper Medicare claim had been submitted. (5) Beneficiary understands that Beneficiary has the right to obtain Medicare-covered items and services from physicians and practitioners who have not opted out of Medicare, and that Beneficiary is not compelled to enter into private contracts that apply to other Medicare-covered items and services furnished by other physicians or practitioners who have not opted out of Medicare. (6) Beneficiary understands that Medigap plans (under section 1882 of the Social Security Act) do not, and other supplemental insurance plans may elect not to, make payments for such items and services not paid for by Medicare. (7) Beneficiary understands that CMS has the right to obtain copies of this contract upon request.

Medicare Exclusion Status of Physician: Beneficiary understands that Physician has not been excluded from participation under the Medicare program under section 1128, 1156, 1892, or any other sections of the Social Security Act.

Duration of the Contract: This contract becomes effective on _____, and will continue in effect until termination is requested by either party. Either party may terminate treatment with reasonable notice to the other party. Notwithstanding this right to terminate treatment, both Physician and Beneficiary agree that the obligation not to pursue Medicare reimbursement for items and services provided under this contract will survive this contract.

Successors and Assigns The parties agree that this agreement will be fully binding on their heirs, successors, and assigns. Physician and Beneficiary intend to be legally bound by signing this agreement on the date set forth below.

If you have any questions about this notice, please contact Melissa Black MD, Founder and Privacy Officer, at Empower Family Medicine.

WHAT IS HIPAA? The Health Insurance Portability and Accountability Act of 1996 ("HIPAA") is a law designed to protect patient's protected health information (PHI). The U.S. Department of Health and Human Services ("HHS") issued a Privacy Rule to implement the requirement of HIPAA regarding the use and disclosure of individuals' PHI by organizations subject to the Privacy Rule — called "covered entities," as well as standards for individuals' privacy rights to understand and control how their health information is used.

As a non-insurance based service, Empower Family Medicine does not transmit protected health information to the government or insurance electronically.

Per the CMS Website: <http://www.hhs.gov/ocr/privacy/hipaa/understanding/summary/> "Health Care Providers. Every health care provider, regardless of size, who electronically transmits health information in connection with certain transactions, is a covered entity. These transactions include claims, benefit eligibility inquiries, referral authorization requests, or other transactions for which HHS has established standards under the HIPAA Transactions Rule.6 Using electronic technology, such as email, does not mean a health care provider is a covered entity."

EFM seeks to maintain the privacy of protected health information. This document provides notice of our privacy practices regarding health information about you.

SECURED COMMUNICATION OF PROTECTED HEALTH INFORMATION. As a patient of EFM, you may communicate health information with your provider by secured / encrypted means. This includes verbal disclosure during a face to face office visit, or via a secured patient portal.

UNSECURED COMMUNICATION OF PROTECTED HEALTH INFORMATION. As a patient of EFM, you have the choice of communication of protected health information by alternative (nonsecured) means. This may include: unsecured email, temporary storage and transfer of health information to consulting care providers via unsecured server such as dropbox, use video chat, mobile or wired telephone communications.

HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION: The following describes the ways we may use and disclose health information that identifies you ("Health Information").

For Treatment. We may use and disclose Health Information for your treatment and to provide you with treatment-related health care services. For example, we may disclose Health Information to doctors, nurses, technicians, or other personnel, including people outside our office, who are involved in your medical care and need the information to provide you with medical care.

For Payment. We may use and disclose Health Information so that others may bill and receive payment from you, an insurance company or a third party for the treatment and services you received. We may give your health plan information about you so that they will pay for your treatment if requested.

For Health Care Operations. We may use and disclose Health Information for health care operations purposes. These uses and disclosures are necessary to make sure that all of our patients receive quality care and to operate and manage our office. We also may share information with other entities that have a relationship with you (for example, your health plan) for their health care operation activities.

Appointment Reminders, Treatment Alternatives and Health Related Benefits and Services. We may use and disclose Health Information to contact you to remind you that you have an appointment with us. We also may use and disclose Health Information to tell you about treatment alternatives or health-related benefits and services that may be of interest to you.

Individuals Involved in Your Care or Payment for Your Care. When appropriate, we may share Health Information with a person who is involved in your medical care or payment for your care, such as your family or a close friend. We also may notify your family about your location or general condition or disclose such information to an entity assisting in a disaster relief effort.

Research. Under certain circumstances, we may use and disclose Health Information for research. For example, a research project may involve comparing the health of patients who received one treatment to those who received another, for the same condition. Before we use or disclose Health Information for research, the project will go through a special approval process. Even without special approval, we may permit researchers to look at records to help them identify patients who may be included in their research project, as long as they don't remove or take a copy of any Health Information.

SPECIAL SITUATIONS: As Required by Law. We will disclose Health Information when required to do so by international, federal, state or local law.

To Avert a Serious Threat to Health or Safety. We may use and disclose Health Information when necessary to prevent a serious threat to your health and safety or the health and safety of the public or another person.
